Adoptable of the Month

Meet Pacha!

Est DOB: 05/20/2024
Breed: German Shepherd/Lab (DNA tested)
Weight: 80 lbs
Compatibility: Dog Friendly, Kid Friendly

Pacha arrived to us at 8 weeks old and has been waiting for a home since. He constantly gets overlooked for fluffier, smaller, younger... But what they don't see is how amazing he is. He is a fantastic family dog. He loves being around his people, loves going for walks and car rides. He's playful and outgoing, yet loves nothing more than to cuddle and be your lap buddy. He's always so happy and attentive. He's someone's dream dog, they just haven't seen him yet.

More Information

HELP NEEDED:
Hope Ranch Van

After 12 years of helping us give hope, our Hope Ranch van is needing to retire...

Our current Hope Ranch van is struggling. Donated to us in 2013, this 2004 van now has 240K miles and a long list of safety issues. It spends more time in the shop than with us, making emergency rescues, often remote and after dark, unsafe for our team. We desperately need a new van to keep rescuing, transporting pups to vets and adoption events, and delivering food and medicine where needed. Would you consider donating $100 in honor of a Hope Ranch pup who found their way to you? Let's give the next generation the same chance.

Happy Tail Corner

Recent transformations that make it all worthwhile.

Before:

After:

Ruby is a 9 year old Heinz 57 mix, and her journey to her forever home is one that reminds us why rescue matters so much.
Ruby came to us as a stray in Anza with a microchip, which is pretty rare, and even more rare that it was registered. We were thrilled to discover she had an owner and couldn't wait to reunite them. But then we learned the heartbreaking truth: Ruby's owner had passed away, and since then, Ruby had been passed from home to home because no one wanted her.

We couldn't understand how anyone could overlook such a wonderful dog, but we were grateful that Ruby had finally landed with us. We knew we had to make sure her next stop was her forever home.

Thankfully, Ruby was welcomed into the loving foster home of Shea and her family, who are among the incredibly special people willing to open their home to large-breed seniors. Families like theirs are rare. They understand that senior dogs may need a little more time to find their people, but they also know just how much love they have to give along the way.

Ruby's fosters had nothing but amazing things to say about her. And then, the moment we had all been waiting for happened: Ruby found an incredible family in September who opened their home and their hearts to her. A family who looked past her age and saw the same gem that we did.

We are forever grateful for the humans who see the incredible souls inside large-breed dogs, and especially senior dogs. The ones who understand that a gray muzzle doesn't mean less love, less life, or less joy ahead.

Happy Tails, Ruby! Your next chapter is finally here. Go live your BEST life ever, sweet girl. You deserve every bit of it.

Have a "Happy Tail" from Hope Ranch that you'd like to share for an upcoming newsletter or on our website? Please send yours over! They truly make our days and remind us why we do what we do.

August + September Adoptions

As we were unable to send through a newsletter on September 1st for our August numbers, we are excited to share the adoptions in both of the months from August & September!

In the month of August, we had 25 adoptions!
In the month of September, we had 15 adoptions!

That's 40 beautiful families who have grown by four paws and a tail in these past two months. Each of these little lives get to start a new chapter of their life with their forever families.

We have to give a HUGE shout out to all of our foster families & volunteer families who come to our Kahoots adoption events every Saturday to spoil our pups with love, socialization and support. Not to mention all of the adopters who gave each of these rescue pups a chance!

We could not do it without the support of all of these incredible humans!

Rescue Story

Welcome one of the newest additions to Hope Ranch! This beautiful family of 10 is now safe and on the path to their forever, happy futures. This young mama dog, now named Jenny, gave birth to 9 babies underneath a shed of a homeowners property in a rural area. They contacted us for help and thankfully, we were able to say yes! The babies are only 5 weeks old right now and will be ready for adoption at 8 weeks old.
Stay tuned for updates!! Some very lucky families are going to fall head over heels for these love bugs and we can't wait to share more photos as they get ready for adoption!

Anza/Aguanga Spay/Neuter Program

As part of our mission, our #1 priority is to educate our communities and instill the importance of spay/neuter; assisting in helping to achieve this where we can. Starting within our community, a low-income rural city, we want to make a change.

In the month of August, we fixed 36 community pets.
In the month of September, we fixed 34 community pets.
As of 2026, we've fixed a total of 528 community pets.

There's 3 more months of the year! In 2025, we fixed just over 800 dogs/cats from Anza and Aguanga. Can we beat that number in 2026?!
This program is only possible and fully funded because of donations!

Want to help contribute to battling the overpopulation crisis and help put an end to euthanasia in shelters due to lack of space? Please consider donating. No amount is too small and it all adds up!

Foster Corner:
Help Us Give Hope

At Hope Ranch, we believe every animal deserves a soft place to land and a second chance. When you become a foster parent, you provide the love, safety, and temporary home these animals need to thrive while waiting for their forever families.

We provide all necessary supplies and cover 100% of veterinary care. All you need to provide is a little extra love and a safe space.
