# Your Monthly Hope

## 4th of July

While many of us will be celebrating the 4th of July, it's important to keep your pets safe and secure. This time of year is the busiest for city and county shelters as they intake more strays from fireworks than any other time of year and sadly, many pets remain unclaimed due to zero identification. Please get your pets microchipped, update information, and get them a collar with update ID!

## Adoptable of the Month

# Meet Marzano!

**Est DOB:** 01/12/2025
**Breed:** Am. Staff/German Shepherd Mix
**Weight:** 60 lbs
**Compatibility:** Loves people, kids, and other dogs!
**Favorites:** Wrestling, water, fetch and belly rubs!

Marzano came to us from an unwanted surrendered litter in early 2025. Named after a tomato, he's no longer exactly the size of one but he sure is just as sweet and savory. He is a total wiggle-butt who greets all with a happy face and wagging tail. We adore him!

## Happy Tails Corner

Why we do what we do...

*Before: Ore's Arrival*

*After: Ore's Update*

Ore, now known as Freya, came to us in 2024 after being a part of a litter from a stray mama dog. Thanks to a good Samaritan, this family got to safety. Once the puppies were weaned, mama dog was spayed and the whole family found foster and forever homes one by one. Seeing Freya in her forever home, so relaxed and loved, brings us more joy than words can describe.

# Impact by the Numbers

In the month of June, we have had 19 adoptions!
All of these beautiful families have grown by four paws and a tail and each of these little lives get to start a new chapter of their life with their forever families.

We have to give a HUGE shout out to all of our foster families & volunteer families who come to our Kahoots adoption events every Saturday to spoil our pups with love, socialization and support.

We could not do it without the support of all of these incredible humans!

## Rescue Story: Princess Mia

Princess Mia came to us March 2026 after a good Samaritan witnessed her being tossed out of a moving vehicle at only 3 months old. Upon picking her up, it was discovered she was very injured and unable to walk. Once we took her in and got her into the vet for an exam, it was discovered that Mia not only had a broken leg but also a torn ACL. We have to give a HUGE shout out to foster Cynthia and her family for taking Mia in for recovery. It's certainly no easy task keeping a puppy this age calm long enough to heal! But she sure did heal beautifully!! Looking at her today, you'd never known what she went through. She's so friendly, runs and wrestles with her buddies, and is such a wonderful girl. She is ready for adoption and can't wait to meet you!

We would love to give a special thank you to our donors and supporters who helped contribute towards her $2.5k surgery and ongoing vet care during her healing process. We could not do it without any of you! If you would like to help donate towards pups like Princess Mia, every dollar adds up and makes a difference to help save these lives and get them medical care they need!

## Anza/Aguanga Spay & Neuter Program

As part of our mission, our #1 priority is to educate our communities and instill the importance of spay/neuter; assisting in helping to achieve this where we can. Starting within our community, a low-income rural city, we want to make a change. In 2025, we fixed just over 800 dogs/cats from Anza and Aguanga.

In the month of June, we have fixed 65 community dogs/cats.
As of 2026, we have fixed 416 total community pets.

Want to help contribute to battling the overpopulation crisis and help put an end to euthanasia in shelters due to lack of space? Please consider donating. No amount is too small and it all adds up!
