Meet Mia!

Est DOB: 10/07/2025
Breed: Kelpie Mix
Weight: Medium (45 lbs)
Compatibility: Great with Dogs & Kids
Favorites: Water, Playtime, Walks!

Came to us as a 3 month old pup after being hit by a car and saved by a good samaritan. This beautiful girl has since recovered and is doing amazing. She is such a happy-go-lucky and outgoing girl! She's short, stocky, and ready to be a part of your life. She's got a lifetime of love to give.

Before: Snow White Arrival

After: Snow White Update

Snow White, now known as Daisy, came to us in September 2025 after being discovered with 7 other littermates stuffed into a bucket and abandoned at only 4 weeks old in the middle of a rural road. Thanks to foster families who stepped up, these babies blossomed and bloomed. Lovingly raised in a home and left their past behind. Now this beautiful girl is almost all grown up and it truly brings tears of joy when we read her happily ever after.

From Daisy's Family:
"I wanted to send a proper update on Daisy. Thank you again for trusting me with her - she has become such a special part of my family.
Daisy is now 11 months old & over 80 lbs! I lovingly call her my "Moose" because she still thinks she's the size of a Chihuahua. She's the absolute sweetest soul - very loyal & my velcro girl. She wakes me up in the middle of the night just to give me kisses, lays her head on mine, & loves putting her paw on my hand.
We continue working with Mark at Honor K9 to build her confidence & she's also going to doggy day care for extra socialization & support. A few weeks ago, Mark helped coordinate a very special reunion with her brother Atticus (formerly Bashful) - it was the highlight of my week!
She now loves going on walks, playing fetch, running around on grass, & her new favorite summer activity is chasing the water from the hose! She loves toys with stuffing, turning her toy box upside down after I clean up, & she's even starting to watch TV with me in the evenings. She's a big snack lover too - especially watermelon!
I've attached a bunch of photos so you can see her big personality! In honor of this special litter turning 1 year old next month, I just placed an order from your Amazon Wish List & some items should start arriving tomorrow. I'd love to stay in touch & keep you all updated on how she's doing. One day I also hope to give back to your rescue in other ways, whether through volunteering or future donations.
Thank you again for saving my soul dog!"

New Chapters of Love

In the month of July, we had 23 adoptions! All of these beautiful families have grown by four paws and a tail and each of these little lives get to start a new chapter of their life with their forever families.

We have to give a HUGE shout out to all of our foster families & volunteer families who come to our Kahoots adoption events every Saturday to spoil our pups with love, socialization and support.

We could not do it without the support of all of these incredible humans!

Rescue Story: Ernesto

Ernesto was transferred to us from the Riverside County Animal Shelter. If there's one thing we have a soft spot for here, it's senior dogs. Especially the ones sitting in shelters, waiting, hoping, wondering if someone will finally see them. With the shelter being extremely overcrowded and the senior dogs not given a second look with no time, we knew we had to help when we asked who was waiting the longest with no interest. He was surrendered by his owners. He was terrified and protected himself from strangers in the kennel with loud unknown noises. Except one staff member who knew deep down what a loving boy he was and it was just the environment that made him act the way he did. With the help of a foster family, this boy made it out and into a home where he blossomed very quickly and showed his true sweet and beautiful colors. After a much needed dental, weight gain, and proper medications for his oh-too-loving heart, he is happy, healthy, and ready for a home! Special shout out to Lindsey for opening her home and heart to foster this amazing boy.

Anza/Aguanga Spay/Neuter Program

As part of our mission, our #1 priority is to educate our communities and instill the importance of spay/neuter; assisting in helping to achieve this where we can. Starting within our community, a low-income rural city, we want to make a change. In 2025, we fixed just over 800 dogs/cats from Anza and Aguanga.

In the month of July, we fixed 42 community pets.
As of 2026, we've fixed a total of 458 community pets.

Want to help contribute to battling the overpopulation crisis and help put an end to euthanasia in shelters due to lack of space? Please consider donating. No amount is too small and it all adds up!
